New York, Oct. 9.—Justice Beekman has overruled a demurrer interposed by the state of South Dakota to an answer set up by John T. McChesney to the complaint of the state in an action to recover on a bond of William W. Taylor, defaulting treasurer of the state. Taylor gave a bond of \$350,000 when he became treasurer, and suit was brought against the seventeen bondsmen and judgment was entered, but it was subsequently found that the treasurer's bond should have been for only \$250,000. Italians waved Old Glory by the hundreds as they marched from the Pennsylvania depot at noon. Indiana shortly afterward tried to outdo them in music, cheers and fine drills of handsome uniformed clubs. Women marched in line from Jefferson county, Pennsylvania. By the middle of the afternoon Market street, leading up to the McKinley house, was filled with marchers. The Cleveland First Voters, who came last, kept the crowds on the sidewalks cheering as enthusiastically as did the women marchers, who had a continual ovation from the railway station to the McKinley home.

A special train of half a dozen coaches arrived at 11:45 o'clock bearing a delegation from the United Italian republicans of Pittsburgh, the first delegation of the day. They were accompanied by a band and made a very enthusiastic demonstration on the lawn. The introduction was made by Lewis Beggino. Gov. McKinley responded. A special train of three coaches brought a party of republicans from Logansport, Ind., with greeting and congratulations to Maj. McKinley. They had traveled from 4 o'clock this morning. They were introduced by Attorney W. T. Wilson.

The republican clubs of Jefferson county, Pennsylvania, were joined en route by detachments from Clarion, Clearfield and Armstrong counties, and by the time all were aboard fifteen coaches were filled, and the train was run in two sections. A conspicuous feature of the delegations was a woman's club marching at the head. After a serenade by the band, the visitors were introduced by Judge John R. Reed. Maj. McKinley spoke briefly.

On this, the sixteenth anniversary of Garfield's day with Cleveland, the first voters of that city sent twelve coaches of new voters, with a band and drum corps, to greet Maj. McKinley. Twelve hundred were gathered in Vienna, when at 8:30 o'clock the battalion arrived. John R. Tanner spoke briefly. At Harrisburg, where the plan originally was to hold a meeting, the silver forces were

have been held at the court house, but on account of the crowd Mr. Bryan excused himself by making a short speech.

At 11 o'clock the first speech of the day was made. It was in the Coliseum building, a gigantic affair erected in Crapo park for the semi-centennial of Iowa's admission to the union of states. The crowd was limited to the size of the building. There were several minutes of cheering and applause on Mr. Bryan's arrival, and when he started to speak another great ovation was given him. He was introduced by ex-Congressman Seerley. After the Coliseum speech Mr. Bryan spoke twice from the carriage, asking the people to study the question of finance and to make their silver speech on election day.

Marshalltown, Iowa, Oct. 9.—Mr. Bryan's speech to Marshalltown was marked by a repetition of the scenes at other points. The state convention of silver clubs had been called for the day. In the afternoon ex-Gov. Boies addressed the convention and 1,000 people at the opera house. Ex-Congressman Walt Butler addressed an overflow meeting in a large tent pitched in the City park. Mr. Bryan arrived at 8 p. m., having been brought on a special from Cedar Rapids. He was met by a committee and escorted to the tent, where a crowd of between 7,000 and 8,000 persons of all shades of political belief awaited him. His reception was hearty and it was with much difficulty the crowd could be quieted so that he could speak. Following his address at the tent Mr. Bryan was taken to the opera house, where an audience of over 1,000 was in waiting, and he spoke there for half an hour.

Cedar Rapids was reached shortly after 4 o'clock and the local committees escorted Mr. Bryan and his party in carriages to the baseball park, near the outskirts of the city. ## Cremation Growing Popular.

It is noteworthy that, though in each of the American crematories more men than women have been cremated, the movement abroad was practically begun by women. ### NEWSY LETTER FROM ORFORD.

Montgomery Ward & Co's. Crew There—  
Republican Rallies Arranged.

Orfordville, Oct. 9.—Montgomery Ward & Co's. advertisers were in town on Tuesday with their palace car and electric carriage. In the evening they gave a show at the opera house which was well attended and well spoken of by all who attended. Mrs. Wallace Taylor has rented rooms on the second floor of the Terry building and is fitting the same for a boarding house.

We bespeak for Mrs. Taylor a liberal share of public patronage. Bostwick & Voltz have moved their tailoring establishment into Osgard & Peterson's building, first door east of O. T. Wee's store. This gives them much pleasant quarters than those heretofore occupied by them. James Ward, of Barron county, Wis., is visiting old friends here. He reports that in his section of the state the sentiment is nearly unanimous for McKinley. The Gazette announced last week from an Orfordville correspondent that the next republican meeting in this place would be addressed by Hon. Nils P. Haugen; this is a mistake. Chairman Taylor received word from the state central committee that Mr. Haugen would make a few speeches the latter part of the month and that they would try and give him a date at Orfordville.

In the meantime, preparations are being made for another rally in the near future. The speaker will be announced soon. George Helmbolt, Esq., united in marriage parties from Evansville and Footville on Sunday evening.

The bride is a well known Center girl, while the groom is a prosperous farmer in his own state. Many friends will join in wishing them prosperity. Fred Eliert and Miss Martha Schrank drove to Janesville the same day and were quietly married, taking the train the same afternoon for Peshigo, Wis., the home of the bride and where Mr. Eliert will work the coming season for one of the large lumber camps. James Newkirk and family have moved to Albany, their former home and Center is without a blacksmith for a few days. Mr. Ross, of Brooklyn, will open the shop next week. A large number from this place listened to the speech of Hon. P. Norcross at Footville last Saturday night and were well paid for the trip. Frank Snyder will not "monkey" with a sharp corn cutter again right away. The ends of two fingers stayed with the machine. Fred Vankirk has a good line of winter underwear, cheap. It is not yet decided whether the creamery will run through the winter, but the indications are that it will. Wat Howard, of Evansville, was a pleasant visitor among us last Wednesday. Everybody come out and hear a good republican speech at the church next Wednesday evening.

### HANOVER CREAMERY GOT MEDAL

They can be seen at any time, at the home of F. O. Uehling. A novel sight on our streets one day this week was a two-seated carriage propelled by electricity, the motive power being supplied by storage batteries. The material for the new town hall has been ordered and work will begin on it as soon as it arrives. Charles Berthel, assisted by William Sly, have recently built a well drilling machine, capable of drilling five hundred feet deep. Messrs. Height & Dean have completed the new bridge across Bass Creek, on the line between Rock and Plymouth townships. The work is said to be excellent. Hog cholera is still raging in this section. ## MUCH EXCITEMENT AMONG LEAF MEN

THE DEALERS ARE ALL ON THE  
MOVE.

All Merchants Have Men On the Road, Although The Business Is Most Lively About Edgerton—The Sales Reported—McKinley's Election Is Hoped For.

From a condition of long continued inertia our market has suddenly aroused itself into a condition of subdued excitement, says the Janesville Leaf. During the past two weeks some 25 or 30 tobacco buyers have been chasing each other around the northern tobacco sections of the state in the mad haste to purchase the best crops of '96 and it is claimed by the close of this week one-third of the new crop will have been contracted for. The majority of the buyers are riding from Edgerton, but all markets have men on the road.

The larger part of the purchases have been made in Vernon county, southern Dane and northern Rock counties. The ever increasing belief that Major McKinley will be our next president and a desire to get a pick of the best crops are the reasons for the mad rush of dealers about the tobacco sections.

McKinley's Election Will Help. Should the man from Canton be elected, the tobacco of this state would all be picked up early and at good figures. Local buyers have not joined the chase to any extent. The firm of J. L. and M. F. Greene has five teams riding in Rock, Dane and Columbia counties and have purchased not far from 2,500 cases. G. H. Rumrill, T. E. Welsh and Soverhill & Porter are riding from this city. Prices range from 5 to 8 cents per pound in the bundle, as will be seen from the following sales:

J. Ryan, 5a at 5 and 5c and 1c.  
P. Burns, 4a at 4 and 1c.  
O. Johnson, 4a at 4 and 1c.  
J. Rasmus, 7a at 5 and 1c.  
O. Gilchrist, 6a at 5 and 1c.  
Fred Thurston, 3a at 6 and 1c.  
Roach & Christoffer, 6a at 6 and 1c.  
Charles Johnson, 2a at 7 and 1c.  
M. M. Marston, 1a at 6 and 1c.  
Thomas R. Johnson, 3a at 6 and 1c.  
Nels Peterson, 3a at 6 and 1c.  
H. Brekke, 1a at 6 and 1c.  
Mike Bros, 6a at 6 and 1c.  
Hoover Knutson, 2a at 6 and 1c.  
Ed. Huibel, 10a at 8, 6, and 1 cent.

In nearly every contract there is from 10 to 15 per cent. off for poor leaves and other defects. In old leaf F. S. Baines reports the purchase of 136 cases of '94 and sale of 63 cases of '93 and '94. S. B. Heddles sold 25 cases of '92 and J. L. & M. F. Greene sold cases of '93.

### Minor Leaf Gossip.

F. S. Baines received three cars of tobacco from Stoughton this week. Soverhill & Porter shipped two cars of tobacco from Milton this week.

J. L. & M. F. Greene shipped two cars of tobacco from Edgerton this week.

G. H. Rumrill is one of the boys that will get a goodly share of the cream of the '96.

L. Well, the well known leaf dealer of New York, arrived in this market Friday, and is buying '96.

Word has reached us that James Cleland has suffered a relapse at the home of his sister in New York State.

F. D. Pepper, of the Footville leaf firm of Owen & Pepper, compared notes with local tobacco men Tuesday.

F. C. Greene, the well known hustler for J. L. & M. F. Greene, of this city and Reading, Pa., left for Reading, Wednesday, after ten days spent in the tobacco sections of the state.

The firm now has five teams on the road every day; two in Dane county, one in Columbia county and two in the vicinity of Orford in this county. The firm will have not far from three thousand cases of the cream of the new crop on their contract book at the close of this week. As an all around hustler Frank Greene is par excellence.

### INSULT TO MEN WITH MINDS

The Flip-Flop Abuses Its Candidate For President

Before the Flip-Flop changed its coat, it was advocating the nomination of William F. Vilas for president. Since it has flopped to the silver cause, however, it has descended to undignified abuse. The extent of the flop is here indicated:

Janesville Recorder of a few weeks ago: "William F. Vilas is the most available presidential candidate."

Another conspicuous "flip." Recorder of a few days ago: "The Milwaukee Journal is the leading newspaper in Wisconsin," etc., etc.

And the turncoat cut-your-former-friend's throat sheet, has the brass to advise voters, who act on their convictions, how to vote! What an insult to a man with a mind of his own!

### NOTES FROM "THE SENTINEL"

THIS issue commences the third volume of the Sentinel.

THE St. Agnes Guild and the Junior Auxiliary have both commenced the season's work.

THE will of the late Miss West bequeaths the sum of two hundred dollars to the church.

MESSRS. H. Ranous, H. Matthews and P. E. Johnson have taken the advertising business of the paper in hand.

ANY member of the St. Andrews Brotherhood will be glad to receive your subscription and give you a receipt for it.

We owe the most sincere gratitude to Messrs. Ranous and Smith for conducting the services during the Rector's absence, and we are assured on testimony of many that they exercised their ministry most effectively.

THE Rector very thoroughly enjoyed a three weeks' vacation during August, spending part of the time in Detroit, the beautiful City of the Straits, and the remainder of the time in with his family at Saint Ste. Marie, Canada.

THE choristers are required to attend every rehearsal now, there is much work to be done, and very soon it will be necessary to prepare for Christmas. The same hours will be used as heretofore. For boys on Monday and Thursday afternoons at 4:30 and the full choir on Thursday evening at 7:30.

CHRIST CHURCH CADETS MEET  
Annual Session Was Held at the Parish House—Fine Record Made.

The first annual meeting of Christ Church Cadets was held in the armory in Christ Church Parish House. After inspection and drill in which the company showed much progress under Captain Koebelin, the meeting was called to order by the rector. Upon the stage were the company council and commissioned officers; circled around the stage were the members of the company; in the rear were the invited guests.

The treasurer, C. D. Stevens, made his report showing receipts and disbursements amounting to \$759.71 and a net indebtedness of about \$150.00.

The report of the quartermaster sergeant showed the property with slight exceptions to be in good condition. As there was no report from the first sergeant the rector stated that the roster of the company included forty-three men; that their had been forty-six connected with the company, during the year, that one member had died, four had been dishonorably discharged and six had gained honorable discharges.

## Re-Enlistment Not Necessary.

The constitution and by-laws of the company were then read. The rector explained the mistake that was made concerning enlistments; that none would be asked to re-enlist; that those who had re-enlistment blanks, should destroy them. He then declared that they would abide by the original enlistment. A man is considered a member of the company so long as he desires to retain his connection and will abide by the rules. Honorable discharge can be obtained at any time, by applying to the rector or council. The fee charged those who may enlist in the company, was explained as necessary, because that which costs us nothing is not properly esteemed, and because some attention must be paid to the finances of the company. The great lack with the company, is a flag. The rector thought, however, that the ladies interested in the Cadets might sometime present a flag to the company. It was also suggested that when the debt was canceled, a fund might be established to defray the expenses of an annual encampment.

## Captain Norcross Spoke.

Captain Pliny Norcross, a member of the council was then introduced to the company and made one of his stirring speeches. He spoke of the fine appearance of the company, complimented the officers and proclaimed his interest in the private saying that it took him back to the days when he was in the ranks and rose to be a corporal. He then spoke of the benefit, morally and physically that the members received in the company and how they should appreciate being taught to walk erect and become morally strong and courageous. No matter what you may do when you become middle aged men, now, when growing and developing character, you don't want to smoke or drink or use profane language. It injures you not only physically and morally but in the eyes of the world. You may think "we old duffers" don't know what the young men are doing but he told how the names of some fifteen young men were presented to some bank directors who wanted a clerk and one after another was rejected because he was known to smoke or drink or to use profanity and they did not want him. You have been together for one year. If you remain with the company no longer, that year's training should have its effect upon your lives, and if it is necessary for you to withdraw, find somebody else to take your place, that he may be benefited also.

## Made Rapid Progress.

Mr. Norcross' address was received with much pleasure by the boys, and greeted with applause at the close. The rector then spoke of the great proficiency attained by the company under Captain Nelthorpe, who resigned some six weeks ago, and the continued progress made under the present commander, Captain F. H. Koebelin, and with three hearty cheers for Captain Nelthorpe and again for Captain Koebelin, the meeting adjourned.

## EX-GOV. PECK MUST HAVE JOKE.

With a Twinkle in His Eye He Says Wis-  
consin Will Elect Bryan.Ex-Governor George W. Peck arrived  
in the city this morning from Milwau-  
kee, on his way to the Caracajou club,  
at Lake Koshkonong."Have you seen Alva Russell?" he  
asked with a smile when a Gazette  
reporter inquired "how Wisconsin  
would go.""What of the political outlook?"  
the reporter replied."As I was saying, I want to see  
Alva. Is he going up to the lake?"

"But, will Bryan carry Wisconsin?"

"I expect," said the ex-governor  
with a twinkle in his eye, "that Wis-  
consin will just about elect Bryan and  
that is all. Be sure and remember me  
to Alva."The democratic chairman,  
gun, rubber, and all, disappeared  
inside the coat.

a half column of space and "display

"The Central Stove Works, a manufac-  
tory in Newark, O., that would pay  
ten per cent more wages as soon as  
Bryan was elected." The following  
dispatch was printed in the Chicago  
Tribune this morning:

## ALL NEWARK, O., IS LAUGHING

Six Men to Receive Increased Pay If  
Bryan Is ElectedNewark, O., Oct. 5.—[Special]—The people  
of Newark laugh over the proposition of the Cen-  
tral City stove works, to increase the wages of  
their employees 10 per cent, if Bryan is elected.  
The concern is small, employing but six men at  
present, two of whom are the president and the  
manager. It never employed over eight men in  
the busiest times. Its rating in the commercial  
agency is only \$2,000.

The Parade Last Night.

Beloit, Wis., Oct. 9.—One of the  
most significant political demonstra-  
tions ever made in Beloit was a parade  
last evening of the workmen of the  
Fairbanks, Morse & Co.'s shops, who  
are to take part in the great parade in  
Chicago tomorrow. Fully three hun-  
dred intelligent enthusiastic McKinley  
men, wearing gold hats and carrying  
gold caues, marched in fine array  
cheering and being cheered by all  
along the line. The men will be  
guests of the firm on the trip and will  
travel on a special train. The turnout  
fully confirms the poll taken of the  
shop that 80 per cent. of the men of  
these big works are for McKinley.  
They will be accompanied tomorrow  
by two bands and a glee club.

# FIRST M. E. MEMBERS TALK THINGS OVER

## LITTLE CHANCE OF KEEPING THEIR POPULAR PASTOR.

Presiding Elder F. A. Pease Explains the Situation At the Prayer Meeting Last Night—Many Members Not Satisfied, However—Letter of Little Effect.

First M. E. church affairs were summed up by Presiding Elder F. A. Pease last evening. The presiding elder led the prayer meeting. An unusually large prayer meeting it was, the report having spread that church affairs were to be reviewed.

Elder Pease stated briefly the considerations of church polity that led to Rev. Mr. Manaton's being transferred from Janesville to make room for Rev. Mr. Thompson of Fond du Lac, a man of regular standing in the conference. Rev. Mr. Manaton, as has been explained before, gave up his pastorate in the Methodist ministry some years ago and must serve four years in a probationary capacity before he can be restored to full standing.

Elder Pease spoke of the telegram sent by the church to Rev. Mr. Thompson telling him not to come. He advised that the telegram be withdrawn. Mr. Thompson would be here next Sunday and would conduct services, the conference giving him no discretion in the matter. As to the letter to Bishop Walden urging Mr. Manaton's return to Janesville, the speaker did not see how it could accomplish anything whatever. He urged the church to fall in with the plan of the conference, believing it was for the good of all.

### Members Not Satisfied.

No discussion followed Elder Pease's remarks but after the meeting ended several members spoke bitterly against the arbitrary use of power in the Wisconsin conference. It was growing harder and harder they declared, for a young man to gain adequate recognition of the conference. Undiscriminating exercise of power had driven out of the conference such men as Doctors Updike and Faville, and had wrought much harm.

The Milwaukee Journal, in an article regarding the trouble over the appointment of presiding elder for that district, refers to the Janesville case as follows:

"Now a church at Janesville enters a protest at the taking away of the pastor who has served it satisfactorily only part of a year, and on account of the proceedings of the church meeting says that the appointee named by the bishop has been notified not to come until an attempt is made to have the bishop reverse his ruling in the matter. Other churches are also said to be on the protest seat and the manner in which the appointments were made has evoked a storm in many quarters, though the preachers do not like to be quoted as criticising their superiors."

### Is Misunderstood.

One well informed as to church matters says that the Janesville trouble is misunderstood. The pastor whom the church there desired to keep is simply a new-comer into the conference, and was sent during the past year to the church as a supply, not as a regular pastor, hence there is no reason for dissatisfaction that he has not been re-appointed. His successor, the Rev. H. W. Thompson, of Fond du Lac, is one of the most popular preachers in the state, and is very well liked wherever he goes. Under the circumstances it is not likely that the petition for a change in this case will be granted.

### CHARLES SUTTON IN BAD SHAPE

## DIPHTHERIA SCARE CAUSES THEM TO BE ABANDONED.

Republican Rally Is Therefore Declared Off—Dr. Sutherland of the State Board of Health Makes An Investigation—Danger of Further Contagion Is Believed to Be Past

Edgerton is getting the better of her diphtheria scare. Dr. Q. O. Sutherland has just finished a thorough investigation as member of the state board of health and says the disease is well under control. All that is required he tells the city officials is that reasonable care be exercised. The treatment with anti-toxine of all members of families in which the disease has appeared is advised and the serum is being used freely.

On Dr. Sutherland's advice the city schools were closed until the disease has been conquered. Public meetings have been declared off, also, one of the most important being the republican rally set for tomorrow night at which M. G. Jeffris was to speak.

There is no longer any alarm over the disease. No new cases have appeared for two days and all but one of the children who are sick give promise of recovery.

### JAMES BARRIAGE BADLY HURT

Lay Unconscious All Night at Edgerton—Fell From a Blke.

James Barriage, son of Mr. and Mrs. George Barriage, of 251 North Bluff street, lay unconscious all night, from the effects of his "header" on the Newville bridge hill. Barriage and Roy Pierson, son of Frank F. Pierson, were on their way home from Edgerton last evening. On the long hill leading to Newville bridge, Barriage went over his handle bars. He was picked up, bloody and unconscious, and taken to Edgerton. It was not until this morning that he came to himself, and asked what had happened, and where he was. His face is cut badly, but no broken bones or serious injuries are apparent. He will be brought down from Edgerton this evening, it is expected.

Dr. James Gibson was taken to Edgerton by Ben Barriage last night, to see the injured man. He said today, that while the young man was painfully bruised, he did not anticipate serious results.

# CAN'T FIND THE BOY NOR HORSE, NOR DOG

## WILLIE GOLDSMITH, AGED 14, HAS DISAPPEARED.

Parents Appeal to the Police to Help Locate Him, As Search of the Country About the Parental Farm Has Been Unsuccessful—Rode a Good Colt Away.

Willie Goldsmith, the fourteen-year-old son of Mr. and Mrs. Peter Goldsmith, ran away from home, and his parents want the police to find him.

The boy resided with his parents on a farm four miles west of this city. He was last seen, mounted on one of the fastest horses upon the place—a four-year-old colt—and accompanied by his favorite dog. They went in the direction of the pasture, as Mr. Goldsmith supposed, to bring the cows home. Since then the boy has not been seen, and his parents are much worried. Mr. Goldsmith, with a number of his neighbors, searched the surrounding country, but did not find the lad. Officer Wallace Cochrane was out searching for him today.

### ROBERT MANTEL IS COMING.

The Noted Actor Will Be at the Myers Grand.

Robert Mantel, the noted actor, will soon appear before a Janesville audience, and the attendance will probably tax the capacity of the opera house. Manager Stoddard today announced that he had booked Mr. Mantel, and he will appear at the Myers Grand on Friday evening, October 23.

The play he will present will be "Mombars," in which he appears at his best. Janesville people should show their appreciation of so high class an attraction by a liberal patronage.

## CHANGES IN CONSTITUTION.

Work of the State Federation of Woman's Clubs at Springfield.

Springfield, Ill., Oct. 9.—The State Federation of Woman's clubs spent much of Thursday in the consideration of a proposed revision of the constitution. Following are the principal changes made: The time of holding the annual meeting is changed from the second Wednesday to the third Thursday in October; the vice-presidents are to be elected for two years, half being chosen each year; the president of the federation shall be eligible for only two terms.

Additions were made as follows: There is to be a vice-president-at-large; the nominating committee shall be appointed by the board of directors, and they shall send a blank to each club in the federation for suggestions as to officers, and from the replies the ticket shall be made up; clubs that are members of the federation may send three delegates to the national meeting of the federation, but no delegate shall be entitled to more than one vote, though she represent more clubs than one.

## Election in Georgia.

Atlanta, Ga., Oct. 9.—The vote of Georgia was consolidated at the various county seats Thursday and the official returns on the head of the ticket are largely in. The telegrams received by Chairman Clay of the democratic state committee show that Gov. Atkinson's majority will be in the neighborhood of 35,000. It will scarcely fall below that, and it may be a few thousands more. The rest of the state ticket will run from 5,000 to 10,000 in excess of these figures. The slowness with which the official returns are received is causing much complaint and the populists are charging frauds in the south Georgia counties, where the negro vote is the strongest.

## Three Diplomats Visit Olney.

Washington, Oct. 9.—Thursday was Secretary Olney's first diplomatic reception day for three months, yet there were only three of the corps among his callers—Senor Calvo of Costa Rica; Senor Romero of Mexico, and Senor Andrade of Venezuela. The latter spent half an hour in close consultation with the secretary, and it is presumed the discussion concerned generally the negotiation relative to the boundary controversy and particularly the last move in British Guiana authorizing the building of a British railway through the disputed territory, which threatens, if pushed, to disturb the present satisfactory status quo.

## Robbers Hold Up a Stage.

Santa Fe, N. M., Oct. 9.—A dispatch from San Antonio, N. M., states that the United States mail coach which left there in the morning was held up Thursday afternoon by masked men forty miles out. The mail sack was cut open and rifled and the stage horses stolen. There were no passengers aboard. It is thought the highwaymen are the same who held up the Atlantic and Pacific railroad train west of Albuquerque a few days ago.

## Florida Figures Fall Down.

Jacksonville, Fla., Oct. 9.—Complete returns from twenty-nine counties of the forty-five in the state show a loss of 15 per cent in the total democratic vote as compared with 1892. The indications are that the total vote of the state did not exceed 40,500, of which Bloxham received about 27,250, as compared with 32,064 for Mitchell (dem.) in 1892; Gunby (rep.) about 8,850 and Weeks (pop.) about 4,400. Bloxham's majority over all is about 14,000.

## Franco-Russian Treaty.

Berlin, Oct. 9.—The Kölnische Zeitung asserts that a written treaty of alliance is in existence between Russia and France, but that it is only defensive. Its provisions. The Voss report, and doubts the accuracy of day night the asserts that up to Tuesday night the treaty had not been signed by the czar or President Faure.

## Christian Endeavorers.

Ottawa, Ont., Oct. 9.—Thursday afternoon, while the delegates to the Christian Endeavor convention were waiting for the doors of the opera house to open, the platform on the east side gave way, precipitating several hundred persons to the ground below, a distance of over twelve feet. Numerous persons were injured, several severely.

## Britain Preparing for Trouble.

Cape Town, Oct. 9.—The flagship of the British south African squadron, the first-class cruiser St. George, flying the flag of Rear Admiral Rawson, has been ordered back to Zanzibar, and reinforcements have also been ordered there from the British Mediterranean fleet.

## Eastern Morocco Factories Burn.

Wilmington, Del., Oct. 9.—The Morocco factories of Garrett & Barr, Charles Baird & Co. and Washington, Jones & Co., in the neighborhood of Second and Walnut streets, this city, were damaged by fire last night to the extent of \$60,000. William McNeal, a fireman, was killed by falling walls.

## More Victims of Poisoned Fish.

Milwaukee, Wis., Oct. 9.—Three deaths have been caused at Merrill, Wis., by eating smoked whitefish. Several other patients are reported to be so dangerously ill that their recovery is almost despaired of.

## National Banks Must Report.

Washington, Oct. 9.—The comptroller of the currency has made a call on national banks for a report of their condition at the close of business Tuesday, Oct. 6.

## TRAIL OF SHERBURNE ROBBERS.

Identity of the Bandits Thought to Have Been Discovered.

Sherburne, Min., Oct. 9.—Sheriff Hill and his deputies are in pursuit of the bank robbers and murderers, who have been traced to the Des Moines river, where the trail was lost. It is suspected that the men were B. D. Sair and Fred Pratt, and evidence has been secured apparently connecting them with the affair. It is stated that the two men on Monday night robbed W. J. Scott's hardware store, taking one 38 and two 32 caliber revolvers. The overalls worn by one of the robbers have been found and identified as having been purchased by Sair and Pratt. Many rumors of arrests have been prevalent, but none are yet confirmed.

## DID NOT GET A GAME.

Cleveland Loses the Temple Cup to the Baltimore Team.

Cleveland, O., Oct. 9.—The final game of the Temple Cup series may well go on record as as hard fought a contest as ever was played on any diamond, despite the fact that the score was not so close as it might have been. Up to the seventh inning hits were scarce and scattered, but then a two-bagger, followed by a single and Cleveland's only error gave two runs and the Spiders' hearts were broken. There was no quitting, however, and the runs in the eighth were earned by hard batting. The score:

Baltimore .....0 0 0 0 0 2 3 \*—5

Cleveland .....0 0 0 0 0 0 0 —0

## Mrs. Rounds Is Re-Elected.

Moline, Ill., Oct. 9.—There were 165 delegates present at Thursday's session of the Illinois Woman's Christian Temperance union convention. The report of Mrs. Sanford, state treasurer, showed the total actual membership to be 13,299, and the surplus in treasury of \$537.22. The election of officers resulted in the re-election of Mrs. Rounds for president, and all the other officers, except editor of the Watch Tower, Mrs. Sanford declining re-election. Mrs. Carrie Groat of Freeport was elected. She resigned the vice-presidency, to which Mrs. Mary E. Metzger of Moline was chosen.

## Fusion Chances Disappear.

Indianapolis, Ind., Oct. 9.—The "middle-of-the-road" populists' state ticket was filed with the governor Thursday. The democrats insisted that no terms could be accepted short of a withdrawal of the populist state ticket, but that will not now come about. It is believed that all probability of fusion is ended, but there still remains until next Wednesday for some sort of fusion on the electoral ticket independent of the state ticket. The "middle-of-the-road" leaders hope, however, to have the straight-out set of electoral candidates recognized as the genuine electors.

## One Killed and Two Injured.

Little Falls, Min., Oct. 9.—The boiler at Joseph Oestreicher's feed mill, in the town of Buckman, exploded Thursday, instantly killing one man and injuring two others—one probably fatally. Engineer William Besch was killed. Oestreicher had both legs broken and received other injuries, and Theodore Carl was seriously hurt. The accident was due to the inexperience of the engineer.

## Beat the Gamblers to Death.

Perry, O. T., Oct. 9.—The third quarterly payment to the Osage Indians, consisting of over \$100,000, is being distributed. Reports are that hundreds of gamblers are at Pawhuska, and that the few marshals are powerless to prevent depredations. Two gamblers, Jones and Evans, buncoed a gang of full bloods Tuesday night and the men ran the gamblers out of town, and it is reported beat them to death on Turkey creek.

## Fears for the Sanilac.

Erie, Pa., Oct. 9.—The barge Oneonta of Bay City was found at anchor off the peninsula Thursday, flying a signal of distress, and was towed into port by the tug Scott. Capt. M. J. Shean, her master, stated that he had grave fears that the steamer Sanilac, which had the Oneonta in tow had foundered in Wednesday's gale on Lake Erie. The fate of the crew is not known.

## Another Warship Order to Zanzibar.

London, Oct. 9.—The first-class cruiser Galtar, now attached to the Mediterranean fleet of Great Britain, has been ordered to Zanzibar. It is understood that the dispatch of reinforcements to Rear Admiral Rawson was in connection with the removal of the former ruler of Zanzibar on a German war vessel.

Centuries ago, people used to fear what they called the pestilence. "Black Death" was the most terrible thing in the world to them. They feared it as people now fear the cholera and yellow fever. And yet there is a thing that causes more misery and more deaths than any of these. It is so common that nine-tenths of the people in the world are afflicted with it. It is merely that simple, common thing—constipation. It makes people listless, causes dizziness, headaches, loss of appetite, loss of sleep, foul breath and distress after eating. The little help needed is furnished by Dr. Pierce's Pleasant Pellets. One pill is a gentle laxative and two a mild cathartic. Once used, always in favor. If you are careless enough to let an unscrupulous druggist sell you something on which he makes more money, it is your own fault if you do not get well. Be sure and get Dr. Pierce's Pleasant Pellets.

## TO THE OTHER SHORE.

George Du Maurier, Artist and Novelist, Dies at His London Home.

London, Oct. 9.—George du Maurier, the artist-novelist, author of "Trilby," died at 2:30 o'clock Thursday morning. Du Maurier had been ill for several days. Wednesday his condition took a turn for the worse and he became very weak. Later he rallied, but the improvement was only the final flicker in the lamp of life. His end was painless and he passed away surrounded by friends.

The illness of Mr. du Maurier was pathetic in the extreme. For days he has been hovering between life and death, at intervals conversing with his friends regarding his work. Upon one occasion a friend at the dying man's bedside referred to the success of "Trilby" as a book and as a play, whereupon du Maurier replied: "Yes, it has been successful. But the popularity has killed me at last."

## Don't Forget.

Workmen will do well to remember that we carry all kinds and sizes of shoes, jackets, overcoats, pants, underwear and hose, and save them money on every article they buy. Lowell Hardware Co.

## THE HONEST SHAKERS AND THEIR CURE FOR DYSPEPSIA.

The shopkeeper who cheats us by lying with regard to the quality of his goods, and the grocer or the butcher who gives us short weights, is a thief. However, their knavery touches nothing but our pocketbook. There is another widespread form of misrepresentation of a far more dangerous and villainous character.

We refer to the false statements and worthless guarantees that frequently accompany medicines. To guarantee a medicine to cure is to brand it as a quack product. If we can guarantee to cure disease, then we can guarantee everlasting life, for in a large majority of cases people die of disease, the proportion of violent or accidental deaths being very small.

The Shakers have always been known as a most upright and honorable people, and their success in the manufacture of medicines has also been well known. It is therefore not surprising to find them pursuing a very original and novel plan for the introduction of their remedy for dyspepsia.

These God-fearing people, whose motto has always been "Try all things and hold fast that which is good," have put upon the market ten cent sample bottles of their product, or sufficient to give it a trial.

The Shaker Digestive Cordial is so prompt in its action that for the trivial sum of ten cents a person can usually determine as to whether or not it meets the requirements of his case. There are forms of dyspepsia which it won't help, but these are very rare. In most cases the first dose relieves all distress, and an increase of appetite at once follows.

All druggists have it, and the next time you are troubled with indigestion send out and try this popular and successful product. It represents nearly a hundred years of patient investigation and study.

## ONE MINUTE COUGH CURE

## QUEEN VICTORIA'S 600 HOUSES

Her Countless Acres of Forest and Farm Land.

The announcement that Queen Victoria is to leave, by will, Osborne house to one daughter, the lease of Abergeldie house to another, and Balmoral, the royal residence in the Highlands, to the duke of Connaught, recalls the fact that the man who would devour this particular widow's houses must make an uncommonly full meal, says an exchange. It was discovered a few years since that the queen owned 600 houses in various parts of England, not royal residences, but rent-yielding property, and that about 6,000 houses had been built by crown lessees on building leaseholds held by the queen. She then had also rents from markets and tolls from ferries, besides the proceeds of mines and other works upon her property or the crown property. She had large estates in Yorkshire, Oxfordshire and Berks, valuable lands in the Isle of Man and in Alderney, Scotland, Ireland and Wales. Of the New Forest there are 2,000 acres of absolute and six-and-three acres of contingent crown property. Her majesty enjoys income from the forest of Dean, from several other forests and from rich properties in and about London.

Osborne, on the Isle of Wight, and Balmoral in the highlands are the private property of the queen and are maintained out of her own income. But she has the use of a few royal palaces besides and these are maintained by the nation at an annual expenditure ranging from \$2,500 to \$50,000. The queen is in the occupancy of Buckingham palace, Windsor castle, the white lodge at Richmond park and part of St. James' palace. The remainder of the lastnamed palace is occupied by other members of the royal family. Other royal palaces maintained as such although not in the occupancy of the queen, are Kensington palace, Hampton court, which, according to a recent estimate based on the statistics of eight or ten years, costs the nation on the average over \$70,000 a year; Kew palace, Pembroke lodge, the thatched cottage and Sheen cottage, Richmond park, Busby house in Bushy park and Holyrood palace. The queen when she visits the continent has one greathouse or another, with whatever repairs and refurbishing are necessary to fit it for a temporary royal occupant, although for all this she pays out of her own income. Bagshot house, Gloucester house and Clarence house are palatial dwellings occupied by various members of the royal family.

The queen has four rather old-fashioned yachts, on which she makes her sea journeys, although the oldest of them probably is used seldom or never. The four cost originally about \$1,375,000. The newest is of 1,890 tons' displacement and cost a trifle over \$500,000. It cost annually about \$65,000.

## Frank James as an Express Guard.

Frank James as a guard on express trains carrying large amounts of money or valuables is one of the novelties the express people are now arranging. Negotiations have been in progress now for several weeks, but the possibilities are that they will be closed up within a few days. The effect of James' name, in view of his former prowess in robbing trains himself, is what the express companies are aiming after. They do not know, they say, that he could stop a determined robber any more than one of their own messengers, but they think the ordinary train robber would hesitate to tackle him. James is willing to accept the position, and guarantee that no train in his charge will be robbed except over his dead body, with but one single provision, and that is that the express people put up a bond of \$20,000, this amount to go to his widow in case of his death. The express people are inclined to yield to this, though there is some opposition. James has been firm in standing out for it, and will not go on the road unless the bond is fixed up to his satisfaction. Since he became a respectable, law-abiding citizen he has taken very good care of his family, and he does not propose to commence doing anything else now. When the negotiations were first begun he was asked if he could shoot with both hands.

"Well," he replied, "I used to be that I could, and I guess I have not forgotten how yet."

James has been working steadily for some time, but has never been able to make an exorbitant salary, and for that reason would be willing to take the risk of this venture. As one of his friends says: "It is not as much risk as he has taken on hundreds of occasions before when out on his raids. The only difference would be that in this he would have the law on his side."—St. Louis Globe-Democrat.

Many lives of usefulness have been cut short by neglect to break up an ordinary cold. Pneumonia, bronchitis, and even consumption can be averted by the prompt use of One Minute Cough Cure. C. D. Stevens.

Thomas Morris, addressing the Staffordshire, England, iron and steel managers, mentioned having in his possession drawn wire worth \$4.32 a pound, or more than \$8,600 per ton. Hairspring wire is worth \$400,000 per ton, and the barbed wire used by dentists in tooth nerve extraction \$2,150,000 per ton. The basic material of all is ordinary cheap ore.

### CROWDS AT CANTON.

Continued From Page 1

raiding and the train passed, leaving many disappointed on the platform. The meeting was held at Eldorado, a small village, which was re-enforced from Harrisburg, and Raleigh turned out 500. At Norris City the stores were closed, and almost the whole population was clustered about the depot. Fairfield, the village of Wayne county, gave a great reception. Along the route from Fairfield to Louisville the track was lined with people. After Louisville was passed, Altamont produced a large crowd. At Pana more than 12,000 had assembled, Springfield, Taylorville, Cowden and other cities sending delegations. After forty-five miles of enthusiasm, the train pulled over to the Illinois Central at Decatur. Twenty thousand thronged the streets, mounted in beau clubs lined the roadways, and a parade two miles in length preceded the spiking. No hall in the city would hold the multitude, and two meetings were held. John R. Tanner, General Sickles and General Alger, in the opera house, and General Alger, General Stewart and Corporal Tanner at the Tabernacle.

#### Harrison's Welcome Home.

Indianapolis, Ind., Oct. 9.—Ex-President Harrison came in on a morning train from Cincinnati Thursday and found that a crowd of nearly a thousand people had gathered to welcome him home. The people crowded upon the tracks in the station and the engine was compelled to move very slowly. A number of policemen were present to make a passageway so that the general and Mrs. Harrison could pass through. The crowd would not be content without a speech, and he consented. His voice was in bad form from the efforts of his speaking in the east and at Cincinnati.
